General Specifications

Nominal Diameter	305mm / 12in
Power Rating	25W
Rated impedance	8 ohm / 15 ohm
Sensitivity	96dB
Chassis type	Pressed steel
Magnet type	Ceramic
Magnet weight	0.99 / 35
Voice coil diameter	44.5mm / 1.75in
Voice coil material	Round copper
Frequency range	75Hz-5000Hz
Resonance frequency Fs	55

8 ohm Frequency Response

Celestion 'Blackbacks' are well known as 1970s variations of Greenback speakers. The reason for the change in can colour is lost in the mists of time, but arguably the most celebrated Blackback of all is T1511: the G12M with 55Hz 'bass cone'. Inextricably linked with players such as Free's Paul Kossoff, whose famously sweet sustain lasted for miles, T1511 is the very essence of Celestion tone; bringing together punch, sparkle and a midrange you just might not be able to live without.
