In developing the G12 Century Vintage we set out to use our Neodymium technology to design a modern speaker with a distinctly classic vibe.

The result is a unique blend of extraordinary note definition and vintage character. Exceptionally lightweight and loud with a tightly controlled low-end the Century Vintage exhibits a clear powerful mid-range and crisp bright top- end. With super-fast attack and superb tracking this neodymium guitar speaker is ideal for use in amps favoured by high-speed guitar players - both high gain rockers and clean country pickers.
