

### G12H-75 Creamback

Back in the late 60s, the G12H was created by fixing an 'H' type (heavy) magnet to the body of a G12M guitar speaker. Result: a speaker with more power and a different tonal balance: firmer bass and a more pronounced top end. So we added an 'H' magnet to the G12M-65 Creamback, create a speaker that delivers the sonic signature of a G12H combined with Creamback levels of power handling. The result is the G12H-75 Creamback. It delivers 75-watts of power handling with ease and has unmistakable G12H tone, with a tighter low end than the G12M-65 Creamback and a punchier, more dynamic high end. The H magnet brings additional focus, body and girth to the Creamback tone. It thickens single notes, resulting in a highly articulate, vocal character. These additional characteristics mean that the G12H-75 Creamback offers exceptional performance when used for lead guitar and sounds massive loaded into a 4x12 cab!

#### General Specifications

|                            |                   |
|----------------------------|-------------------|
| Nominal diameter           | 12", 305mm        |
| Power rating               | 75W               |
| Nominal impedance          | Available 8 or 16 |
| Sensitivity                | 100dB             |
| Chassis type               | Pressed steel     |
| Voice coil diameter        | 1.75", 44.5mm     |
| Magnet type                | Ceramic           |
| Magnet weight              | 50oz, 1.42kg      |
| Frequency range            | 70-5000Hz         |
| Resonance frequency, Fs    | 75Hz              |
| DC resistance, Re          | 6.37 and 12.5     |
| Voice coil former material | Round copper      |

#### Mounting Information

|                           |                     |
|---------------------------|---------------------|
| Cut-out diameter          | 11.1", 283mm        |
| Diameter                  | 12.2", 309mm        |
| Magnet structure diameter | 6.6", 168mm         |
| Mounting slot dimensions  | 0.31", 7.9mm &#216; |
| Mounting slot PCD         | 11.7", 297mm        |
| Number of mounting slots  | 8                   |
| Overall depth             | 5.4", 138mm         |
| Unit weight               | 10.4lb, 4.7kg       |
