G10 CREAMBACK

10-inch guitar speaker with ceramic magnet and 1.75-inch voice coil

The new G10 Creamback packs everything guitar players love about Creamback speakers into a 10-inch format. Hand-built in the UK using the same production methods and materials developed for the 12-inch models, the G10 Creamback uses a ceramic magnet and a 1.75-inch voice coil to deliver 45-watt power handling. With all the punch and dynamics typical of a 10 its overall tone is warm expressive detailed and well-balanced.
