

- Introducing the CKT-1225: A precision-engineered 2-way HiFi loudspeaker system designed for music lovers, with high output and uncompromising performance on stands or shelves. Featuring a refined, high-excursion 12" (300mm) mid-bass driver paired with a sophisticated compression driver-and-horn combination for increased dynamic range, subtlety and detail, this system delivers exceptional clarity and punch. The CKT-1225 offers breath taking sound as a standalone pair or used with a subwoofer. The design is particularly adept at reproducing the dynamics and acoustic feel, at low or high volume levels, that is so important to the vibrancy and engagement of music reproduction.
