General Specifications

| | |
|------------------------|--------------------|
| Nominal Diameter | 305mm / 12in |
| Power Rating | 90W |
| Rated impedance | 8 ohm or 16 ohm |
| Sensitivity | 100dB |
| Chassis type | Pressed steel |
| Magnet type | Alnico |
| Voice coil diameter | 44mm / 1.75in |
| Voice coil material | Round copper |
| Frequency range | 75-5000Hz |
| Resonance frequency Fs | 75Hz |
| DC resistance, Re | 6.7 ohm & 13.1 ohm |

8 ohm Frequency Response

With a 90-watt power rating the Celestion Cream is purpose-built for vintage tones whatever kind of amp you use. By applying new technologies and manufacturing methods developed during the creation of our Creamback speakers we've been able to deliver a higher power rating while preserving the very essence of an alnico guitar speaker. Delivering a glorious laid-back attack the Cream exudes warm lows and a brilliant bell-like chime. It has smooth and organic mids further characterised by a fine-grained detail that adds a high-definition quality to the vocal range. The Cream has been specially created to bring alnico class to all kinds of amps from 1-watt to 90-watts. It conveys a satisfying warmth detailed expressiveness and exceptional musicality even at low power levels.
