dB

With a larger cone delivering an extended low end response the 100-watt Fullback has a big deep voice delivering smooth and expressive tones seemingly without effort. While retaining our classic harmonically complex and finely detailed mid-range the larger 15 cone of the Fullback shifts this characteristic down a register. Clean sounds are warm and expressive revealing and enhancing the qualities of your amp and guitar without unnecessary colouration. Overdrive sounds are complex and musical; push harder for a weighty contralto growl with a softer warmer mid-range. Incorporating an eight hole chassis the Fullback is the ideal choice whether you're looking for the perfect upgrade for your 15 combo or you're looking for an interesting tonal alternative to a 12 guitar speaker.

General Specifications

Nominal Diameter	381mm / 15in
Power Rating	100W
Rated impedance	8 ohm or 16 ohm
Sensitivity	99dB
Chassis type	Pressed steel
Magnet type	Ceramic
Magnet weight	1.42kg / 50oz
Voice coil diameter	50mm / 2in
Voice coil material	Round copper
Frequency range	65-4000Hz
Resonance frequency Fs	85Hz
DC resistance, Re	6.4 ohm

8 ohm Frequency Response
