NEO CREAMBACK

12-inch 60W neodymium guitar speaker

The Neo Creamback is every ounce a Classic Celestion delivering all the magical tone you'd get from a traditional Creamback at around half the weight. Voiced to be "in between" the G12M -65 and G12H-75 Creambacks, you still get the low end punch warm vocal midrange and sweet refined highs the Creamback is famous for: push it hard and enjoy the 'race-car growl' that sets pulses racing. But pick up a cab that's loaded with Neo Creambacks and you'll see what makes this speaker truly different.

General Specifications

Nominal Diameter 305mm / 12in

Power Rating 60W

Rated impedance 8 ohm or 16 ohm

Sensitivity 97dB

Chassis type Pressed steel
Magnet type Neodymium
Voice coil diameter 44mm / 1.75in
Voice coil material Round copper
Frequency range 75-5000Hz
Resonance frequency Fs 75Hz

DC resistance, Re 6.6 ohm & 13.1 ohm

8 ohm Frequency Response
