

Guitar Speakers

G12 EVH

Guitar speaker based on the Heritage Series G12M Greenback

Throughout his career, whether in the studio or on the stage, the Celestion 20-watt 'Greenback' has played an essential role to Edward Van Halen in making the tones that rewrote the book on guitar sound. When it came time to select speakers for his new EVH Brand 5150-III signature amp, there was only one choice - Celestion. The Heritage Series G12M guitar speaker faithfully reproduces the sonic qualities of the original '60s version Greenback used to make EVH tone from day one. With the addition of a black rear can featuring the EVH logo and his unmistakable red, white and black stripes, the G12EVH was born. Unmistakable look, but more importantly unmistakable tone.

General Specifications

Nominal Diameter 305mm / 12in Power Rating 20W 8 Ω or 15 Ω Rated impedance Sensitivity 96dB Chassis type Pressed steel Ceramic Magnet type Magnet weight 0.99kg / 35oz Voice coil diameter 44mm / 1.75in Voice coil material Round copper Frequency range 75-5000Hz

DC resistance, Re 6.57 Ω & 12.13 Ω

75Hz

Mounting Information

Resonance frequency Fs

283mm / 11.1in Cut-out diameter Diameter 309mm / 12.2in 150mm / 5.9in Magnet structure diameter Mounting hole dimensions 7.9mm / 0.31in 297mm / 11.7in Mounting hole PCD Number of mounting holes 4 91mm / 3.56in Chassis depth (inc gasket) Magnet depth 39mm / 1.54in Overall depth 130mm / 5.1in Unit weight 3.6kg / 7.9lb

8 Ω Frequency Response
