

PULSE XL 1.10 Supertweeter

1-inch exit complete high frequency unit

The PULSE XL 1.10 Supertweeter delivers all the sweet treble you could possibly ask for. Featuring a reliable and efficient PETP diaphragm compression driver with integrated horn, it's perfect for bass guitar players who want to extend their frequency range for additional high-end attack.

General Specifications

Nominal Diameter	25.4mm / 1in
Power Rating	35W
Rated impedance	8 Ω
Sensitivity	103dB
Magnet type	Ceramic
Voice coil diameter	25mm / 1in
Voice coil material	Copper
Surround material	PETP film

Mounting Information

Cut-out diameter	80mm / 3.15in
Overall depth	85.5mm / 3.4in
